## How it works

---

### Executive Health Screening Program

Surprises can be fun, except when it comes to one's health. Our Executive Health Screening Program can provide the special care and attention needed for those unexpected medical events. Taking care of yourself leads to better health for your family, your employees and financial well-being of your company.

Our company was founded by experienced physicians and executives who understand your needs and ensure you receive the best care in a comfortable and professional environment. Along with our partners, we provide the highest quality of care outside of your home country without the hassle of wait times. We are here when you need us, and we'll fit the program around your busy schedule.

### Experienced Physicians

Our partners at the Florida Hospital Celebration will provide professional Health Screening for you and your family. At the end of the program, a team of specialists will review the results and provide an easy to read report along with recommendations for improving the quality of your well being.

### Full Service

From the moment you arrive in Orlando, to the moment you depart, our team ensures all the arrangements are handled for you. Executive transportation will be waiting at the airport on arrival to take you to your luxurious accommodation. Here, your Disney World tickets and a relaxing holiday are waiting for you. At the end of the visit, we will take you back to the airport.

## Business Solutions

---

At VIP Health, we believe in preventative healthcare and promoting a healthy lifestyle to reduce the disparity in life expectancy between developing and developed countries. With a strong employee program and comprehensive preventive medical screening, we are able to detect diseases early and enable beneficial life style modification.

Our experienced team can help you develop and implement a company wide program to ensure your executive team and senior directors remains healthy.

## Emergency Medical Services

### Expert Advice & Reassurance

If your employees or family members require emergency medical care, we can:

- ✓ Provide access to world class hospitals in the United States and around the world
- ✓ Arrange an evacuation by ambulance (Air and Ground)
- ✓ Organize medication and equipment supplies
- ✓ Coordinate interpreter and travel arrangements for the client's family members
- ✓ Provide up-to-date information on emergency medical care to family
- ✓ Arrange repatriation of mortal remains in the unfortunate event of a fatality

### Enjoy Orlando, Florida

They say the best therapy is a good vacation. We agree, and have made special arrangements for you and your family to enjoy the wonders of Disney World while in Orlando. We will take care of all the arrangements, and special passes so you can relax and bring your family for a holiday in the Magic Kingdom they will always remember.
